

Jigsaw PSHE is a progressive scheme of learning where knowledge and skills build year on year across the programme. The table below shows how the Changing Me Puzzle (unit of work) develops in this year group, including some of the key vocabulary. Schools may adapt content to fit their policy, so please check with your child's school for specific details.

Ages 8-9	Puzzle overview: Changing Me	
	In this Puzzle, children explore identity and what makes them unique while learning about physical and emotional changes linked to puberty, including menstruation. They consider the role of families, trusted adults, and inner circles in providing care and support. Across the six Pieces, children develop strategies for coping with change, managing worries, and accepting things beyond their control. They practise reflecting on personal goals and positive changes they would like to make.	
	Knowledge	Social and emotional skills
	- I understand that lots of things make up a person's identity and this is what makes them unique - I can describe how a girls' body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this - I know there are many types of family and that often our family members form part of our inner circle - I know there are trusted people I can turn to if I need help and support as I grow up and go through puberty - I know how the circle of change works and can apply it to changes I want to make in my life - I can identify changes that have been and may continue to be outside of my control that I learnt to accept - I can identify what I am looking forward to when I move to a new class	- I can describe how I will have choices about developing my own identity and interests as I grow up and that these will contribute to who I am - I have strategies to help me cope with the physical and emotional changes I will experience during puberty - I know that sometimes I may feel anxious about growing up and this is normal. There are people who can support me - I am confident enough to try to make changes when I think they will benefit me - I can express my fears and concerns about changes that are outside of my control and know how to manage these feelings positively - I can reflect on the changes I would like to make next year and describe how to go about this
